TTUHSC DPT Student Education

Our members, Hannah Stueart and Annalisa Riggins educated the physical therapy students at Texas Tech University Health Sciences Center about the life-changing impact of AmTrykes!

- They shared their experiences and passion for adaptive tricycles and helped future healthcare professionals understand how mobility, independence, and inclusion can transform lives for children and adults with disabilities.

Happy October, Lubbock Monterey AMBUCS!

I'm so grateful to be part of Lubbock Monterey AMBUCS and a community that believes in making mobility, independence, and joy possible for everyone. Every AmTryke we give represents more than a bike—it represents opportunity, freedom, and memories that last a lifetime. Thank you for being part of such a meaningful mission!

Summer Appreciation Party

This year we gathered for our Summer Appreciation Party to celebrate the incredible volunteers, members, and supporters who work so hard throughout the year to make our fundraising efforts successful. We were thrilled to welcome 70 members and guests for an evening filled with great fellowship, delicious food, friendly competition, and plenty of fun. From lawn games and amazing meals prepared by our talented pit masters to the ice cream truck that kept everyone cool, there was something for everyone to enjoy.

Tryke Moment

Z-Dog entered this world weighing just 1.5 pounds and has overcome incredible challenges, including vision impairment and other disabilities. Despite the obstacles he's faced, his determination and spirit continue to inspire everyone around him. Thanks to the generous sponsorship of Sonic of Lubbock, Z-Dog received an AmTryke that will help provide greater mobility,

independence, exercise, and fun. Seeing his smile made this day truly unforgettable!

Please join us in congratulating Z-Dog and thanking Sonic of Lubbock for helping make this life-changing gift possible. Together, we're creating opportunities and opening new roads for amazing kids like Z-Dog.
