Re: TxDOT Coordination for Location and Traffic Restrictions
BAP Kennor C&D Recycling Facility, Tarrant County
Municipal Solid Waste (MSW) Registration Application

Dear Mr. Pugsley:

The Texas Department of Transportation, Fort Worth District, has reviewed your correspondence dated September 15, 2023, and all the data provided for consideration to fulfill the requirements of 30 TAC §330.61(i)(4). Our review concluded the recycling facility will not generate any substantial increase of traffic or unexpected maintenance issues on the on-system roads in the area. In addition, there are no regulations which affect any on-system roads or right-of-way belonging to the Texas Department of Transportation within the area of the proposed facility.

The Fort Worth District therefore issues this letter of No Objection for the establishment and operation of a recycling facility as planned in the Application. We, therefore, issue this letter of coordination and consider all data provided fulfills all elements of 30 TAC §330.61(i)(4) required to not oppose.

Sincerely,

David M Salazar, P.E.

David M. Salazar, Jr., P.E.
District Engineer
