

LUBBOCK MONTEREY AMBUCS NEW AND REFURBISHED AMTRYKE INVENTORY

Due to supply chain issues not all new Amtrykes are in stock through our National AMBUCS supplier. When we are not able to fill an order with a new Amtryke, we provide a like-new refurbished Amtryke. Should the referral prefer to wait for a new Amtryke, depending on the model, wait time could be 6+ months.

Revision Date: 03/22/2024

“We are all capable, we just roll a different way!”

The AMTRYKE ADAPATIVE TRICYCLE PROGRAM is about abilities, not disabilities. Our goal is to provide those who would benefit from our Amtrykes with all the classic benefits of riding a bike: mobility, strength, exercise, coordination, interaction with family and friends, and just pure fun!

Nearly every rider can be successful, no matter their diagnosis, through our full line of highly adjustable trykes and myriad of adaptive accessories. For physical therapist or occupational therapist, the Amtryke will provide an age appropriate, safe, dynamic modality for improving balance, range of motion, coordination, and muscular strengthening. For parents, the Amtryke fills the need of every child to have a bike—just like their siblings and friends. Our trykes are designed to look like bikes, not medical equipment, and to be age appropriate. We have been able to adapt our Amtryke for children as young as 18 months to adults and Veterans, by addressing their specific needs.

The Lubbock Monterey Chapter of AMBUCS offer these Amtrykes free of charge to a qualified recipient, due to our local sponsors, our members, donations and grants. Due to supply chain issues, we started a program to refurbish used Amtrykes to like-new condition. This has allowed us to create a larger inventory to offer to qualify recipients in the Lubbock and surrounding South Plains areas.

For further information on the Lubbock Monterey Chapter of AMBUCS, please visit our website: montereyambucs.org.

TRYKE 25: AM-16
SN L108020031

Dual rod seatback holder,
padded seat back, steel plate
pedals, saddle seat.

LEG LENGTH: 24-36 inches

7 speed, high rise handlebars,
large basket, curved seat
back, padded seat back,
saddle seat.

LEG LENGTH: 28-36 inches
HEIGHT: 67-76 inches
MAX WEIGHT: 275 pounds

Instructions for OTs and PTs

Thank you for your Amtryke referral to the Lubbock Monterey Chapter of AMBUCS. This packet should have everything you need; however, if you have questions, please contact: Hugh Lankford 806-786-3568 or Jim Anderson 806-790-8878.

This website inventory list contains Amtrykes refurbished to a like-new condition and new Amtrykes when available. The forms you need are on the last page and contain links for you to click on and print out.

After you have your measurements, go to the AMTRYKE SIZING CHART located on the next page. This will help you select which Amtryke best fits your referral's needs. Once you have selected the Amtryke, go to inventory list and see if there is a match or one that closely matches. Because the majority of the current inventory contains refurbished, not all models shown are on the Amtryke Sizing Chart. In that case please contact: Hugh Lankford 806-786-3568 or Jim Anderson 806-790-8878 and they will help you in this process.

The forms you will need are located after the AMTRYKE APPLICATION CHART. You and your referral or referral's family will need to complete the following forms: Request and Waiver Forms, Assessment Forms, and Amtryke Form. After the forms are completed, please email them to Hugh Lankford: hugh.lankford@sbcglobal.net.

Once Hugh Lankford receives the forms, processing will start, and your referral is on his or her way to receiving their very own Amtryke!

Amtryke Sizing Chart

TRYKE TYPE (How will the tryke be propelled?)	RIDER LEG LENGTH (Inches from center of hip to bottom of shoe.)	RIDER ARM LENGTH (Inches from middle of shoulder to center of digit crease.)	MODEL	RIDER WEIGHT (Pounds)	RIDER MAX HEIGHT (Inches)	TRYKE WEIGHT (Pounds)	WHEEL SIZE (Inches)	TRYKE HEIGHT (Inches)	TRYKE LENGTH (Inches)	TRYKE WIDTH (Inches)
