

Bonfire is a comprehensive system that Public Agencies use to organize, automate and manage their entire procurement processes. Vendors also implement the Bonfire system to improve efficiency and productivity in response to Public Agency requests for bids and proposals. The **City of Lubbock's bid information can now be found on <https://ci-lubbock-tx.bonfirehub.com/portal>.**

REGISTRATION

Registration on our site is **free**. You must be registered to receive bid notifications and also to place an electronic bid on any government request for procurement. To register select the link on our homepage, <https://ci-lubbock-tx.bonfirehub.com/portal>, which takes you through a registration process. You will choose a username and password, which are case sensitive. You will also define your categories of interest, which we call classifications. These classifications tell us which type of bids you are interested in. Our system notifies you of bids in your preferred classifications. All this information can be modified at any time. We will be glad to answer any questions about the functionality of the site at any time.

CHARGES

All notifications of bid opportunities are free to you.

QUESTIONS AND TRAINING

Bonfire's Support Team is available from 8:00 am to 8:00 pm ET Monday to Friday, excluding statutory holidays.

Please contact vendor support at <https://support.gobonfire.com/hc/en-us>.
